

Moving out from student accommodation

When you move out of your student housing, there are a few important steps you need to follow. Please see the instructions below.

1. Room inspection

Make sure that you book a time for the inspection with your landlord

You must contact your landlord to schedule an inspection of your student accommodation.

(Exceptions are Park and Junior, where you don't need to book a time for the inspection.)

Before the inspection, it is important to clean your accommodation thoroughly, as failure to do so may result in a deduction from your deposit. Cleaning instructions can be found attached in the email.

If you have lived in a shared apartment with common areas, you do not need to schedule the inspection at the same time as your roommates. However, all of you must clean the shared spaces, such as the kitchen, bathrooms, hallway, and laundry room. The landlord will inspect both the common areas and your individual room.

2. Cancel subscriptions

Make sure to cancel any subscriptions you have

If you have an active internet subscription, you must cancel it with the provider before leaving Sweden. Remember to notify the Swedish Tax Agency about leaving Sweden. (This only applies to *those who have a coordination number, or a social security number*) [Skatteverket.se](https://skatteverket.se) -> *Notification, Moving Abroad*.

3. Hand in keys

Make sure to hand in the keys in time

Make sure to return the keys and move out on time. The landlord will not accept any move-out after the contract's end date. All keys should be returned to Bostad Västerås office during opening hours. Except for the keys at Park and Norra Allégatan - where you return them directly to the landlord. At Park building it's possible to return the keys in your postbox.

Contact details for scheduling the housing inspection

Regulatorn, Gökärten, Folke, Vallby, Kata and Hagastaden	Mimer
	021-39 70 00
	Student-team@mimer.nu
